Team 101-3 Meeting Minutes

Meeting Number: 9

Meeting Date: 4/15/2019

In Attendance: Brenda, Ryan, Travis, Matt, Yang

12 - 12:30: Small fixes to website

- Wanted to change the color of the Navbar and played around with some other color changes that ultimately didn't make the cut.
- Added Yang's photo to the home page
- Removed the footer from the login and registration pages
    a. This was included as part of 'layouts.html' but should not have been

12:30 - 12:45: Discussion on narrowing scope of project

- Given that our presentation is next week and the end of the semester is fast approaching, we decided to narrow the scope of the project
    - Will not do a "Things I want to do" or "Things I've done" list
    - Will not make a profile page for users

12:45 - 1:15: Begin work on the presentation for Wednesday

- Yang and Ryan led the charge in starting to make our presentation
- Will will all work on the presentation before Wednesday and delegate roles for speaking in recitation that day

1:15 - 1:30: Talked about deploying the website

- We will be using Heroku, but there are some differences since we're using Flask
- Travis will work to get the website deployed by Wednesday
